Introduction

Crafito is a specialized and well-crafted theme for e-commerce industry. It is developed mainly for e-commerce industry. It provides numerous snippets with various possible options for customizing store and providing an attractive look & feel. Crafito has inbuilt apps like Advance Mega Menu & Custom Product Image Gallery for admin to represent the products and its categories & subcategories effectively.

Benefits of Crafito Odoo Theme

- Many snippets are provided with various possible options for customizing store and providing an attractive look & feel.
- It has many inbuilt apps like Advance Mega Menu and Custom Product Gallery to represent product's categories and subcategories.

Pre-requisites

- Following points must be followed before starting the plug-in installation:
 - You should login as an Admin in Odoo.
 - Check that your Odoo Instance is compatible for Crafito Theme.
 - An e-commerce module should be present in your instance to use this theme.

Note: Crafito Theme v11's all new features are not available in v8, v9 and v10.

Installation

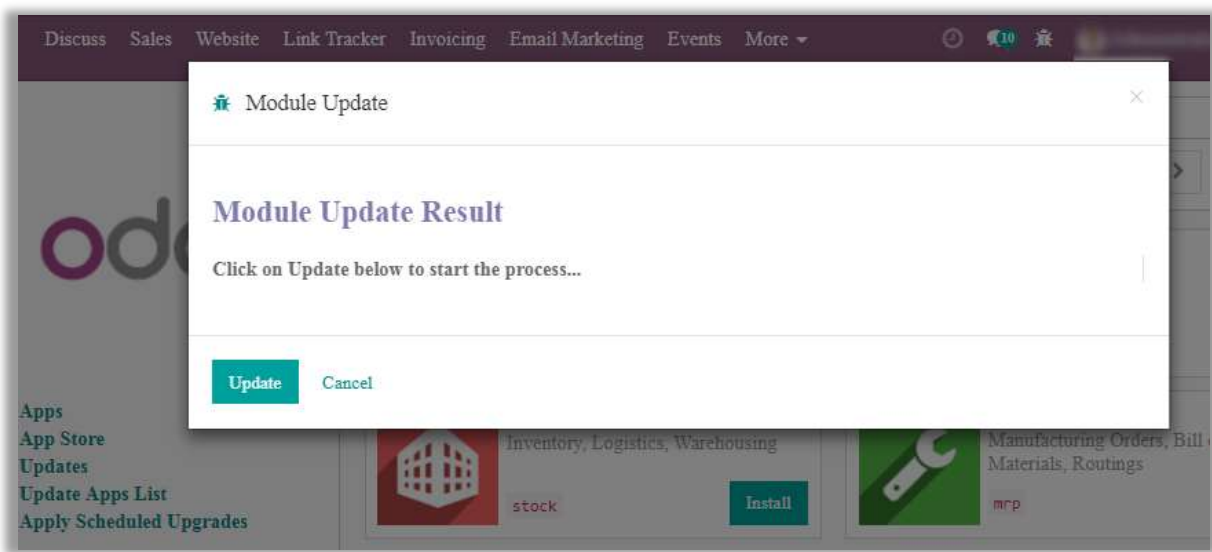

Installation Steps

- Download and extract the zip file.
- Check your Odoo add-ons path.
 - It should be same as defined in Odoo Config file.
 - Config files are mostly saved in /etc folder. For e.g. /etc/odoo.conf
 - **Open Config file:**
 - Give the command: `sudo/etc/odoo.conf`
 - Config file content: `addons_path = /opt/odoo/addons`
- Open Terminal and go to download location
 - For e.g. if the download location path is: /home/odoo/Downloads then the command to be written in the terminal would be: `cd/home/odoo/Downloads`
- Copy download modules to addons path
- Give the below mentioned commands to perform copy operation:
 - `$cd /home/odoo/Downloads/theme_crafito`
 - `$cd v11`
 - `$sudo cp theme_crafito /opt/odoo/addons`
- Restart Odoo server
- Login with the admin credentials in your odoo instance.

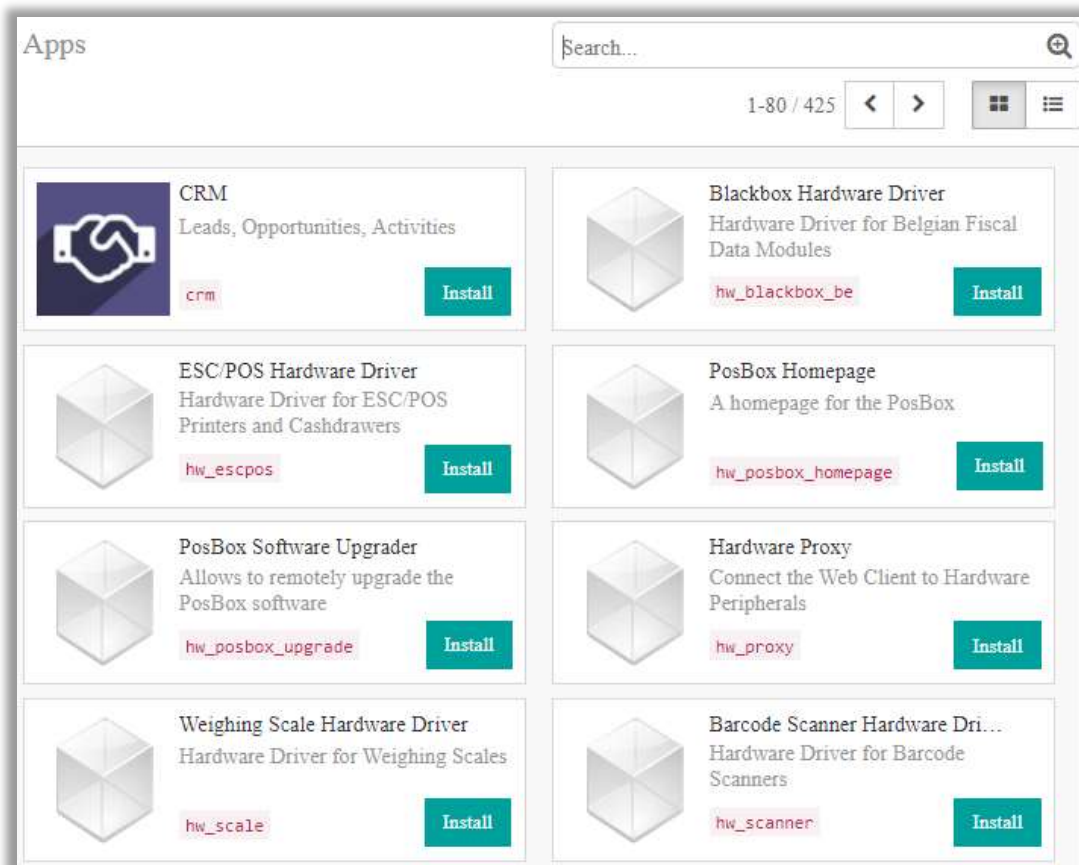

- Activate the Developer Mode
 - To activate Developer Mode, Go to **Settings -> Activate the developer mode (with assets)**. Click on '**Activate the developer mode (with assets)**' and developer mode will be activated.

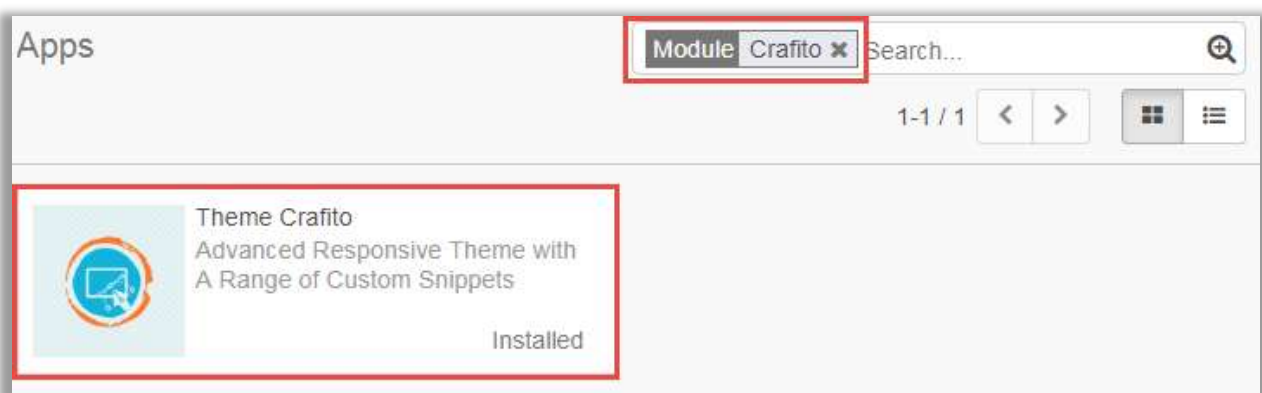

- Go to Settings/Update Apps List.
 - Click on '**Update**' button.

- Go to Settings/Apps
 - Remove search filter

- Enter module name in the search box provided in the top right corner of the page. For e.g. here write "Crafito".
- Click on 'Install' button.

Access Rights Management

- Now after installing the theme, to manage the access rights of users go to **Settings -> Manage access rights**.
- By clicking on it you will be redirected to the Users module. Thereafter navigate to the detail page of the particular user for which you want to manage the access rights.
- Now under '**Access Rights**' tab from '**Website**' dropdown list select the '**Editor and Designer**' option to let the particular user modify the '**Slider Configurations**'.

The screenshot displays the user management interface for a user named Mike. At the top, there is a breadcrumb trail 'Dashboard / Users / Mike' and two buttons: 'Save' and 'Discard'. A pagination indicator shows '2 / 2' with left and right navigation arrows. The user's profile section includes a photo of Mike, his name 'Mike', and a status 'Active' with a green checkmark. Below this, the email address 'mike@appjetty.com' is shown. There are two tabs: 'Access Rights' (selected) and 'Preferences'. Under the 'Access Rights' tab, the section 'Application Accesses' is visible. It lists various applications with corresponding dropdown menus for access levels:

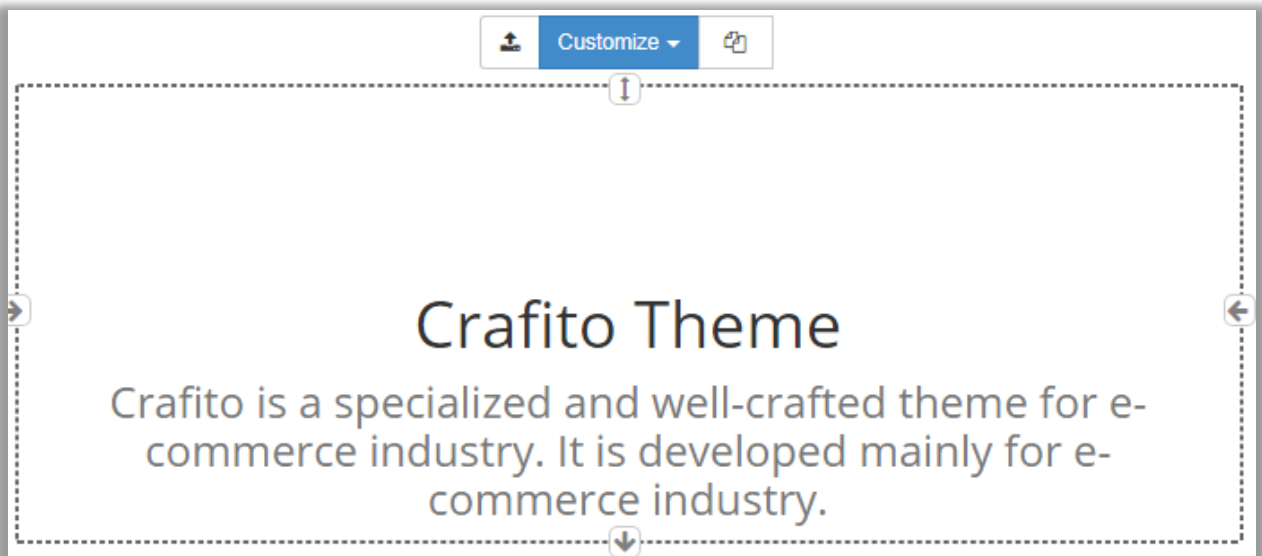

Application	Access Level
Sales	User: Own Documents Only
Accounting & Finance	Billing
Employees	Employee
Events	User
Mass Mailing	
Website	
Administration	Restricted Editor Editor and Designer

Note: If the '**Restricted Editor**' option is selected user won't be able to edit the '**Slider Configurations**' options.

Theme Configuration

Configuring Main Title Snippet

- Go to **Website -> Edit -> Insert Blocks -> Main Title**. Drag and drop Main Title Snippet on the page where you want it.
- Click on Customize to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- Click on any Text to customize text of the Title Block. Click on the Title to customize Title of the block.

Configuring Upper Banner Snippet

- Go to **Website -> Edit -> Insert Blocks -> Upper Banner**. Drag and drop Upper Banner Snippet on the page where you want it.
- Click on '**Customize**' to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- For Breadcrumbs you can set links for the pages as well as unlink them upon requirement.

Configuring Home Slider Snippet

- Go to **Website -> Edit -> Insert Blocks -> Home Slider**. Drag and drop Upper Banner Snippet on the page where you want it.
- Click on '**Customize**' to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.
- You can click on any image to change the image or remove the image. Along with image you can also add Text, Document, Pictogram and Video to the snippet. You can also Manage Slideshow speed along with number of slides in the snippet.

- You can also add text to the banner along with any button that can redirect your customer to any page. You can also manage links of the button by clicking button and then clicking on link button.

Configuring Multi Product Slider Snippet

- Go to **Website -> Edit -> Insert Blocks -> Multi Product Tabs Slider**. Drag and drop Multi Product Slider Snippet on the page where you want it.
- Select the Type of slider which you want to display on the page.

Multi Product Slider Configuration

Type	<div>Digital Security ▼</div>
<div><div>Cancel</div><div>Apply</div></div>	

- Click on '**Customize**' to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

- **Managing Slider Configurations:**
 - Go to **Sales -> Slider Configuration -> Multi Product Slider Configuration**. Click on ‘**Create**’ button to create a new slider category.

The screenshot shows the Odoo web interface for creating a new Multi Product Slider. The left sidebar contains a menu with categories like Customers, Invoicing, Catalog, Reporting, Configuration, and Slider Configuration. The 'Multi Product Slider Configuration' option is selected. The main form area is titled 'Multi Slider / New' and includes 'Save' and 'Discard' buttons. The form fields are as follows:

Field	Value
Slider name	Trending
Active	<input checked="" type="checkbox"/>
Collection configuration	
No. of collections to show	2
1st collection name	First collection
1st product collection	[E-COM09] iMac
Special Offer product for 1st collection	[E-COM05] Bose Mini Bluetooth Speaker
2nd collection name	Second collection
2nd product collection	iPad Retina Display, [E-COM08] Apple In-Ear Headpho...
Special Offer product for 2nd collection	[E-COM07] iPad Mini

Note: To manage the Slider Configurations user must have the ‘**Editor and Designer**’ access rights.

- Set following attributes to display Multi Product Slider on website:
 - **Slider Name:** Enter the name of slider.
 - **Active:** Check the checkbox to activate the slider.
 - **No. Of Collections to Show:** Number of collections that are displayed on the page.
 - **Collection Name:** Enter the names of the collection to be displayed.
 - **Product Collection:** Set products which are to be displayed in the collection.
 - **Special Offer Product for Collection:** Set special product which will be displayed in the collection.
- Click on ‘**Save**’ button to save the Multi Product Slider.

Configuring Category Slider Snippet

- Go to **Website -> Edit -> Insert Blocks -> Category Slider**. Drag and drop Category Slider Snippet on the page where you want it.
- Select the Type of slider which you want to display on the page.
- Click on '**Customize**' to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

The image shows a 'Category Slider Configuration' dialog box. It has a title bar at the top. Below the title bar, there is a label 'Type' followed by a dropdown menu. The dropdown menu is currently set to 'Trending Categories'. At the bottom right of the dialog box, there are two buttons: 'Cancel' (blue) and 'Apply' (red).

Category Slider Configuration	
Type	Trending Categories
<div>Cancel Apply</div>	

- **Managing Slider Configurations:**
 - Go to **Sales -> Slider Configurations -> Category Slider Configurations**. Click on **‘Create’** button to create a new slider category.
 - Set following attributes to display Category Slider on website:
 - **Slider Name:** Enter the name of slider.
 - **Active:** Check the checkbox to activate the slider.
 - **Counts:** Set the number of categories to be displayed on the page.
 - **Auto Rotate Slider:** Check the checkbox to set the slider on Auto Rotation.
 - **Slider Sliding Speed:** Enter the speed of slider if it is set on Auto Rotation.
 - **Collection of Category:** Add the categories which are to be added in the collection.
 - Click on **‘Save’** button to save the Category Slider.

The screenshot shows the Odoo web interface for creating a new Category Slider. The left sidebar contains a menu with categories: Invoicing, Catalog, Reporting, Configuration, and Slider Configuration. Under Slider Configuration, 'Category Slider Configuration' is selected. The main area is titled 'Category Slider / New' and includes 'Save' and 'Discard' buttons. The configuration fields are as follows:

Field	Value
Slider name	Trending Categories
Active	<input checked="" type="checkbox"/>
Counts	4
Auto Rotate Slider	<input checked="" type="checkbox"/>
Slider sliding speed	5,000
Collections of category	Computers x Laptops x Devices x

Note: To manage the Slider Configurations user must have the **‘Editor and Designer’** access rights.

Configuring Products Slider Snippet

- Go to **Website -> Edit -> Insert Blocks -> Products Slider**. Drag and drop Products Slider Snippet on the page where you want it.
- Select the Type of slider which you want to display on the page.
- Click on '**Customize**' to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need.

The image shows a 'Products Slider Configuration' dialog box. It has a title bar at the top. Below the title bar, there is a label 'Type' followed by a dropdown menu. The dropdown menu currently shows 'New Products'. At the bottom right of the dialog box, there are two buttons: 'Cancel' (blue) and 'Apply' (red).

Products Slider Configuration	
Type	New Products
<div>Cancel Apply</div>	

- **Managing Slider Configurations:**
 - Go to **Sales -> Slider Configuration -> Products Slider Configuration**. Click on **'Create'** button to create a new slider category.
 - Set following attributes to display Category Slider on website:
 - **Slider Name:** Enter the name of slider.
 - **Active:** Check the checkbox to activate the slider.
 - **Counts:** Enter the number of categories to be displayed on the page.
 - **Auto Rotate Slider:** Check the checkbox to set the slider on Auto Rotation.
 - **Slider Sliding Speed:** Enter the speed of slider if it is set on Auto Rotation.
 - **Collection of Products:** Add the products which are to be added in the collection.
 - Click on **'Save'** button to save the Product Slider.

The screenshot shows the Odoo web interface for configuring a new Products Slider. On the left is a sidebar menu with categories: Invoicing, Catalog, Reporting, Configuration, and Slider Configuration. Under Slider Configuration, 'Product Slider Configuration' is selected. The main area is titled 'Products Slider / New' and contains a 'Save' button and a 'Discard' button. Below these are several configuration fields: 'Slider name' with the value 'New Products', 'Active' with a checked checkbox, 'Counts' with a dropdown set to '4', 'Auto Rotate Slider' with a checked checkbox, 'Slider sliding speed' with a text input set to '5,000', and 'Collections of products' with a list of two items: '[E-COM10] Apple Wireless Keyboard' and '[E-COM09] iMac'.

Note: To manage the Slider Configurations user must have the **'Editor and Designer'** access rights.

Configuring Featured Products Slider Snippet

- Go to **Website -> Edit -> Insert Blocks -> Featured Products Slider**. Drag and drop Featured Products Slider Snippet on the page where you want it.
- Select the Type of slider which you want to display on the page.
- Click on '**Customize**' to customize Style, Background and Color of the Snippet. You can Move, Copy and Delete the snippet from here. You can also resize the Snippet as per the need

The image shows a configuration window titled "Featured Products Slider Configuration". Inside the window, there is a label "Type" followed by a dropdown menu. The dropdown menu is open, showing the text "My Products Slider". At the bottom right of the window, there are two buttons: "Cancel" (blue) and "Apply" (red).

- **Managing Slider Configurations:**
 - Go to **Sales -> Slider Configuration -> Featured Products Slider Configuration**. Click on **Create** button to create a new slider category.
 - Set following attributes to display Category Slider on website:
 - **Name:** Enter the name of slider.
 - **Active:** Check the checkbox to activate the slider.
 - **Slider Label:** Set the label for slider.
 - **Products Collection:** Set the products to be displayed in the slider.
 - Click on **'Save'** button to save the Product Slider.

The screenshot displays the Odoo interface for creating a new 'Featured Products Slider'. The sidebar on the left contains the following menu items: Invoicing (Orders to Invoice, Orders to Upsell), Catalog (Products), Reporting (Sales, Sales Channels, All Channels Sales Orders), Configuration (Settings, Sales Channels, Product Sorting), and Slider Configuration (Category Slider Configuration, Product Slider Configuration, **Featured Product Slider Configuration**, Multi Product Slider Configuration). The main content area is titled 'Featured Products Slider / New' and includes 'Save' and 'Discard' buttons. It contains three configuration sections:

Section	Name	Active	Slider Label	Products Collections
1	My Products Slider	<input checked="" type="checkbox"/>	Featured Products	[E-COM09] iMac
2	On Sale		On Sale	[E-COM10] Apple Wireless Keyboard, iPad Retina Display
3	Random Products		Random Products	iPod, [E-COM08] Apple In-Ear Headpho...

Below these sections, there is a fourth configuration section with the label 'Low Price' and a product collection '[E-COM05] Bose Mini Bluetooth S...'. The bottom of the page shows a shaded area for a preview or additional settings.

Note: To manage the Slider Configurations user must have the **'Editor and Designer'** access rights.

Q

What is Lorem Ipsum?

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Advance Mega Menu Settings

Creating Mega Menu

- Go to **Website -> Configuration -> Pages**. Now you can either select a page or create a new page for creating a mega menu for it.
- To create mega menu for a new page, click on **'Create'** Button. Now enter the relevant page details and click on **'Add an Item'** link under **'Related Menu Items'** to create the mega menu.
- There you will have options to add website, name of menu, URL for menu, Option to open menu in new window, Parent Menu & select whether the new menu is mega menu or not.

The screenshot shows a modal window titled "Create Related Menus" with a close button (X) in the top right corner. The form contains the following fields and controls:

- Website:** A dropdown menu showing "Website localhost" with an external link icon.
- Menu:** A dropdown menu with "Mega Menu" selected and highlighted in blue.
- Url:** An empty text input field.
- New Window:** A checkbox that is checked.
- Parent Menu:** A dropdown menu showing "Top Menu" with an external link icon.
- Is megamenu...?:** An unchecked checkbox.

At the bottom of the modal, there are three buttons: "Save & Close" (dark blue), "Save & New" (dark blue), and "Discard" (light gray).

Note:

- Select **'Top Menu'** option from **'Parent Menu'**.
- To configure and manage the MegaMenu kindly activate the developer mode (with assets) from Settings module.

Mega Menu Configuration

- Select **Is megamenu...?** Option to create mega menu & give configurations as required.
- **Megamenu View Type:** Select the type of view in which megamenu is to be displayed. It can be displayed in following ways:
 - **Category Megamenu**
 - **Pages Megamenu**
- If you select Pages Mega Menu from Megamenu View Type, you also need to set the size of mega menu from the following:
 - **Megamenu Size:** Select the size of mega menu.
- And on selecting Category Mega Menu from Megamenu View Type following options are to be configured:
 - **Megamenu Type:** Choose the number of columns needed in the Megamenu.

Product Image Gallery Configurations

Creating New Product

- Go to **Sales -> Catalog -> Products**. In this you will find **'Create'** Button. Click on it to create a New Product.
- There you will have options to Add Multiple Images. After clicking that you can set multiple images for the product.

The screenshot shows the 'Products / New' form in Odoo. At the top, there are 'Save' and 'Discard' buttons. Below them is a product image placeholder. The 'Product Name' field contains 'Sony X'. To the right of the name, there are three status boxes: 'Unpublished On Website' (with a globe icon), '\$ 0 Sales' (with a dollar sign icon), and 'Active' (with a checkmark icon). Below the name, there are three checkboxes: 'Can be Sold' (checked), 'Can be Purchased' (checked), and 'Add Multiple Images?' (checked and highlighted with a red box). Below the checkboxes, there are four tabs: 'General Information', 'Sales', 'Invoicing', and 'Notes'. The 'Product Multiple Images' tab is selected and highlighted with a red box. Below the tabs, there is a table with the following columns: 'Title', 'Alt', 'Type', 'Image', 'Video media player', 'Video ID', 'Sort Order', and 'More View Exclude'. The table has a header row and a body row with the text 'Add an item'.

Add Multiple Images to the product

- Click on 'Product Multiple Images' tab.
- Click on 'Add an item' option to start adding images for the product.

The screenshot shows the 'Products / New' form in Odoo. At the top, there are 'Save' and 'Discard' buttons. Below them is a product name field containing 'Sony X'. To the right of the name are three status indicators: 'Unpublished On Website' (with a globe icon), '\$ 0 Sales' (with a dollar sign icon), and 'Active' (with a green checkmark icon). Below the name field are three checkboxes: 'Can be Sold' (checked), 'Can be Purchased' (checked), and 'Add Multiple Images?' (checked). Below these checkboxes are four tabs: 'General Information', 'Sales', 'Invoicing', 'Notes', and 'Product Multiple Images' (which is highlighted with a red box). Below the tabs is a table with the following columns: 'Title', 'Alt', 'Type', 'Image', 'Video media player', 'Video ID', 'Sort Order', and 'More View Exclude'. The first row of the table has a red box around the 'Add an item' link in the 'Title' column. Below the table are three empty rows for adding more items.

Note: To add Multiple Product Images user must have the 'Editor and Designer' access rights.

Creating a new Image

- After adding an item you'll be redirected to create image pop up.
- Give proper Title, Alt text, Type (Image / Video), Image and Sorting order.
- If you don't want to include this image in Custom Product Image Gallery click on '**More View Exclude**'.
- Click on '**Save & Close**' to create new image.
- To create another image / video click on '**Save & New**'.

The screenshot shows a modal window titled "Create Images" with a close button (X) in the top right corner. The form contains the following fields and controls:

- Title:** A text input field containing the value "Top".
- Alt:** A text input field containing the value "Top View".
- Type:** Two radio button options: "Image" (which is selected) and "Video".
- Image:** A preview area showing a small image of a smartphone screen.
- Sort Order:** A text input field containing the value "1".
- More View Exclude:** A checkbox that is checked.

At the bottom of the modal, there are three buttons: "Save & Close" (in a dark blue box), "Save & New" (in a dark blue box), and "Discard" (in a light gray box).

Creating a new Video

- After adding an item you'll be redirected to create image pop up.
- Give proper Title, Alt text, Type (Image / Video), Image and Sorting order. To create Video, click on **'Video'** option.
- Give proper type to video which can be of
 - **You Tube Video**
 - **Vimeo Video**
 - **HTML 5 Video**
- If you don't want to include this video in Custom Product Image Gallery click on **'More View Exclude'**.
- Click on **'Save & Close'** to create new Video.
- To create another image / video click on **'Save & New'**.

The screenshot shows a modal window titled "Create Images" with a close button (X) in the top right corner. The form contains the following fields and options:

- Title:** A text input field containing "Top".
- Alt:** A text input field containing "Top View".
- Type:** Two radio button options: "Image" (unselected) and "Video" (selected).
- Video media player:** A dropdown menu with "Youtube" selected. The dropdown list is open, showing "Youtube", "Vimeo", and "Html5 Video".
- Video ID:** A text input field (currently empty).
- Sort Order:** A text input field containing "1".
- More View Exclude:** A checkbox that is checked.

At the bottom of the modal, there are three buttons: "Save & Close" (highlighted in blue), "Save & New" (highlighted in blue), and "Discard" (white with a grey border).

Panel Options

- Go to **Website -> Configuration -> Settings -> Multiple Product Image**. Now you can view following Multiple Product Image Settings:
 - Slider Effect:** Check the checkbox to enable slider effects.
 - Thumbnails Panel Position:** This drop down allows admin to select the position of Thumbnail panel from Left, Right or Bottom.
 - Play Interval of Slideshow:** This allows admin to manage interval between two images in slideshow.
 - Enable Text Panel:** Check the checkbox to show text along with images in panel.
 - Thumbnail Overlay Effect:** This option allows admin to choose thumbnail overlay effects from Default, B/W, Sepia or Blur.
 - Change Thumbnail Size:** Check the checkbox to change the size of thumbnail.
 - Thumb height:** Enter the height of thumbnail.
 - Thumb width:** Enter the width of thumbnail.

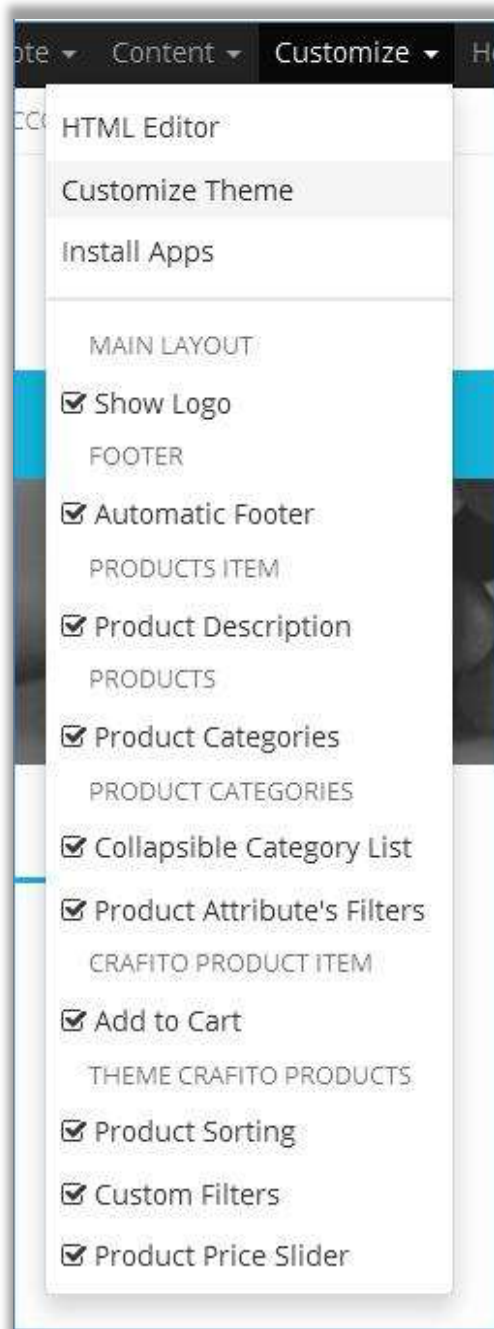

The screenshot shows the 'Settings' application in Odoo. On the left is a dark sidebar with icons and labels for 'Sales', 'Website', 'Invoicing', 'Email Marketing', 'Events', 'Employees', and 'General Settings'. The 'Website' option is selected. The main area is titled 'Multiple Product Image' and contains several settings:

- Slider effects:** A checkbox that is checked.
- Enable the text panel:** A checkbox that is checked.
- Thumbnails panel position:** A dropdown menu with 'Left' selected.
- Play interval of slideshow:** A text input field containing '5000'.
- Thumbnail overlay effects:** A dropdown menu with 'Default' selected.
- Change thumbnail size:** A checkbox that is checked.
 - Thumb height:** A text input field containing '50'.
 - Thumb width:** A text input field containing '88'.

At the top of the settings area, there are 'Save' and 'Discard' buttons, and a search bar with the placeholder text 'Search...'.
